

**Youth Development Manager: Boston  
Full-Time Temporary (6 Months)**

More Than Words (MTW) seeks a Full-Time Temporary (6 month) Youth Development Manager (YDM), with experience working directly with high-risk youth. The Full-Time Temporary Youth Development Manager will work with youth, individually and in small groups, to support youth to set and achieve goals around education, employment and self-efficacy. This position will support youth to manage and navigate challenges as they transition to self-sufficiency and responsible adulthood and establishes performance standards as a basis for “compassionate accountability”. MTW utilizes a positive youth development approach, emphasizing youth’s strengths and assets in fostering skill building around school, work and life. Youth participating in MTW have a unique opportunity to become trainees in MTW’s retail and online business enterprises as a means of obtaining first-hand on-the-job experience and the Youth Development Manager participates in the interviewing and selection process.

In addition to working directly with youth, this position will be responsible for youth recruitment and orientation, for representing MTW to the community and for building and enhancing relationships with referral and other community partners. As MTW is committed to using data to improve performance and results, the Youth Development Manager is responsible for accurate and timely data tracking and for incorporating data inquiry as a critical learning tool to improve practice and programs.

More Than Words (MTW) is a nonprofit social enterprise that empowers youth, ages 16-24, who are in the foster care system, court involved, homeless, or out of school to take charge of their lives by taking charge of a business. MTW offers job training opportunities and transition support services to equip youth with first-hand experience in working as a team to operate retail and online businesses and to develop the tools to enable them to make progress around education, employment and life goals. The MTW model is premised on the belief that an actual job, one which provides hands-on, real-world training combined with high expectations, accountability and opportunities for personal development, is the best way to equip youth to gain marketable skills critical for success in school, work and life (see [www.MTWyouth.org](http://www.MTWyouth.org) for more about More Than Words).
